Dear Councilperson--

I am writing with urgency to tell you to support the movement to STOP buying HP products.

The Jewish celebration of Passover has just ended. It is a time for Jews to acknowledge and thank G-d for leading us from slavery in Egypt. It is the story of Exodus, the fleeing of a dangerous and hostile land. Palestinians now live in such a state and they must also face HP technology which is used to regulate every aspect of Palestinian lives: where they live, work, travel, move, worship; who they marry, talk to, and are friends with. It is used to track immigrants in this country and to operate U.S. prison systems.

I know you have been receiving pushback from mainstream Jewish groups. I want you to know that we, the freed children of Slavery and the Shoah EXPECT that you will stand on the right side of history with us

I will see you April 23rd to express again my urgent support to STOP buying HP.

Trust life and it will teach you, in joy and sorrow, all that you need to know.
--James Baldwin

Keep on loving one another as brothers and sisters. Do not forget to show hospitality to strangers, for by so doing some people have entertained angels without knowing it. Continue to remember those in prison as if you were together with them in prison, and those who are mistreated as if you yourselves were suffering. blackandpink.org
